SUMMARY

MSc Human-Computer Interaction Graduate highly Skilled in HTML, CSS, JavaScript, and React. I am a self-taught developer who is eager to learn new technologies. I have a strong passion for creating visually appealing and user-friendly interfaces, with the aim of delivering an exceptional digital experience. As a team player, I believe communication plays a key role in the product development process.

SKILLS

Languages: JavaScript, HTML, PHP, R.

Framworks: React

Technologies: WordPress, Firebase, Node.Js, Scss.

DesignSkills: Figma, Adobe Photoshop.

PROJECTS

10/2023 - present   **Little Lemon Website**   github.com/Siwi0w0/little-lemon
- A restaurant website with reservation and online ordering functions.
- Built with React, JavaScript, and Tailwind CSS.
- Re-designed and built a reservation module to improve user experience.
- Applied iterative UI/UX design fundamentals throughout the process

9/2023   **Gallery Web App**   github.com/Siwi0w0/gallery-one
- A gallery app that enables users to log in and upload images.
- Built with JavaScript, React, and Tailwind CSS.
- Used Firebase as a cloud database to store user data.
- Got familiar with pre-built UI component library during this project.

6/2023   **Weather App**   github.com/Siwi0w0/weather-app
- A weather app that enables users to check the weather currently and in the next five days.
- Built with JavaScript, React, HTML, and CSS.
- Used React Hook to fetch weather data, working with RESTful API.
- Deployed with GitHub Pages.

4/2023   **EducateHacks Project**   devpost.com/software/globalcampusie
- A website that serves as a platform for international student information.
- Built with HTML, CSS, JavaScript and React.
- Designed and built prototypes at a fast pace using Figma.
- Collaborated with teammates using Git and GitHub for version control.

EDUCATION

9/2022 - 9/2023   **Msc in Human Computer Interaction**   **University College Dublin**
Relevant Modules:
Interactive Website Design, User Experience Research, User-Centred Design, Quantitative Data Analysis, Creative and Interactive Media
